

Air conditioning roof console KDK 1

Art.-No.: 23.651.58

Bar code: 4006825557961

Sales unit: 1 pc

Due to the special telescope rail system the air conditioning roof console is for all external devices of EINHELL-Split-Air Conditioner suitable and it is applicable for most different roofs. The innovative system enables to change the angle of inclination for the roof console within the range of 10° - 30° degree. The roof console consists of weather-resistant, hot-dip galvanised, powder-painted steel plate. The external device of the air conditioner will be screwed on anti-vibration buffer, which absorbs vibrations. Largely dimensioned, adjustable rubber feet guarantee stability on the roof. The console is supplied with all necessary assembly and mounting material. With the roof assembly the state-specific lightning protection regulations are to be considered. **The roof mounting by a specialist is recommended.**

Technical Data:

- Mounting width: 400 – 760 mm
- Mounting depth: 100 – 380 mm
- Console length: 500 mm
- Roof angle: 10° - 30°
- Bearing load max.: 140 kg
- Net weight: 6.5 kg
- Gross weight: 7.8 kg
- Packing dimensions: 475 x 160 x 105 mm
