The electric leaf blower vac LS 2450 E with its „vacuum and shredder function and blowing functions“ provides cleanliness in the yard and around the house in a short period of time. Without any changing the various functions can be set just pushing the selector switch. **The no load speed  $n_0$  is electronically adjustable. Therefore the blowing speed and suction capacity can be adjusted comfortably continuously.**

The electric leaf vac takes in and shreds soft material of large size like leaves and grass down to 1/10 of its original size with the built-in shredder.

With the blowing function leaves sprayed out on wide grounds can be blown quickly on to one pile. Even the dirt in slits and corner can be cleaned properly.
