## GH-DP 6315 N Dirt water pump

Art.-No. 41.704.91

Powerful and robust dirt water pump to empty garden ponds, flooded basements and construction sites. The installed float switch controls the ON/OFF function of the pump. It takes foreign particles up to  $\varnothing$  15 mm in size. High quality of the materials, i. e. stainless steel-driving gear and top quality axial face seal warrants an almost maintenance-free and a long service life of application. An exact fine-tuning between motor and turbine blade wheel achieves performance-effectiveness and above-average performance data.
