This air compressor is ideal for powering a wide range of air tools, requiring low to medium air volume, such as nail guns, paint sprayers, drills, impact drivers and shears. Power two tools at the same time with the twin outlets; with quick release Nitto fittings, swapping between tools is quick and simple.

Featuring an oil free motor, it requires minimal maintenance and provides hassle-free transport. The 50L tank capacity allows you to power through more tasks before refilling, whilst dual pressure gauges allow you to monitor the tank and output pressure easily. This air compressor features a durable direct drive motor with a compact design for portability.
