## GCH 2000 Glass Convector Heater

Art.-No. 23.386.60

The glass convector heater is the ideal solution for an energy-efficient interseasonal heating and full heating systems, applicable for smaller and middle areas. It is characterized by its flat, modern design and intuitive touch-screen operation. At the heating elements heated air flows noiseless upward and distributes in the whole area. The glass convector heater is suitable as standing or wall device.

### Features

- Front area made of scratch insensible glass (1)
- Background lighted LCD display (2)
- Operation via touchscreen (3)
- 2 feet (4)
- X-Shape heater element for quick heating
- 2 heating steps (1,000 W / 2,000 W)
- Thermostat adjustable (from +15°C up to + 50°C)
- Timer with 1 – 23 h switch-off function
- Overheat protection
- Wall fastening possible
- Infrared remote control

### Technical Data

- |   |                 |
|---|-----------------|
| ■ Mains:  | 230 V ~ 50 Hz   |
| ■ Heating Power:                                  | 2,000 Watt      |
| ■ Protection category:                            | IP X0           |
| ■ Tool dimensions incl. feet (l x d x h) approx.: | 86 x 23 x 53 cm |
| ■ Tool dimensions excl. feet (l x d x h) approx.: | 86 x 10 x 47 cm |
| ■ Product weight:                                 | 9.8 kg          |

### Logistic Data

- |                       |                    |
|-----------------------|--------------------|
| ■ Net weight:         | 10.2 kg            |
| ■ Gross weight:       | 11.5 kg            |
| ■ Packing dimensions: | 895 x 135 x 530 mm |
| ■ Bar code:           | 4006825 591057     |
| ■ Sales unit:         | 1 pc               |
