

Precision cutting for a wide range of different formats!

Einhell®

NEW GENERATION

Thanks to the fast and easy attachment of the four serially supplied supports the sturdy yet lightweight STR 250 stone cutter is ideally suited both for stationary and mobile application. Its extensive range of application options makes it the ideal tool for professional applications. The tool has been designed for the precision-cutting of a variety of sizes of concrete slabs, paving stones, marble slabs, granite slabs, bricks and ceramic tiles of any kind. It takes only a few steps to make mitre cuts, double mitre cuts and jolly cuts. The diamond cutting disc is cooled by an integrated pump for a nearly dust-free work environment. **The pivoting cutting head supports the processing of workpieces with lengths up to 620mm (and thicknesses up to 38mm).**
