## In order to make a claim under the warranty, please send us:

- The faulty item together with the original purchase receipt and the completed warranty card
- The product with all components included in the packaging

## The warranty does not cover damage caused by:

- **Accident or unanticipated events** (e.g. lightning, water, fire)
- **Improper use or transport**
- **Disregard of the safety and maintenance instructions**
- Other **improper treatment or modification** of the product

After the expiry of the warranty period, you still have the possibility to have your product repaired at your own expense. If the repair or the estimate of costs is not free of charge you will be informed accordingly in advance.

This warranty does not limit the statutory obligation of the seller arising from a warranty. In the event that a product is received for repair, neither the service company nor the seller will assume any liability for data or settings possibly stored on the product by the customer.
