The original Einhell E-Stand TSS saw underframe is a helpful accessory for working with table saws. Especially for larger workpieces, intensive loads or outdoor sawing work, an underframe is important for the safe stability of the saw. The underframe can be folded for transport and storage and has wheels and a practical carrying handle. The legs of the sturdy, high-quality steel construction can be easily fixed by utilising the integrated quick-release fasteners. The underframe has a working height of 57 cm, can be raised to 62 cm using the extensions supplied and can bear loads of up to 200 kg.
