BG-GR 57 Garden Roller

Art.-No.: 34.153.00

Lawn and garden roller made of coated metal for rolling of areas and recent inserted seeds (e.g. lawn seeds, but also seeds in bed) in order to receive good bottom closure of the seed. After lawn cutting constant pathways can be pulled. Thus you get an example which is well known from football and tennis lawn areas. The roller can also be used after verticulate or manuring of the lawn. The dirt wiper is bilateral adjustable.

Features

- Coated roller (1)
- Lateral fill opportunity (water and sand) with fastener (2)
- Dirt wiper (3)
