Water works

The water works unit RG-WW 1139 N pumps water from wells and cisterns automatically with stable water pressure. Toilets, washing machines and garden watering are just a few of its numerous applications. The vessel is made of corrosion resistant stainless steel, therefore not rusty colouring of the water supplied. Furthermore the garden pump is equipped with a pre-filter, which prevents that dirt arrives into the pump inside. The unit is powered by a sturdy asynchronous motor with thermal protection. The water works is supplied complete with pressure switch and pressure gauge.
