

## TPR-650 600W TRANSFER WATER PUMP

### FEATURES & BENEFITS

**Powerful 600W Motor:** This powerful motor enables the pump to create a maximum head of 40m whilst allowing for a lift of 8m, which permits the placement of the water pump well above the water supply.

**Thermal Overload:** This feature enables the pump to automatically shut off when operating temperatures are exceedingly high, which provides protection for the internal components.

**40 Metre Head:** Allows the pump to carry the water to wherever you need.

**8 Metre Lift:** Allows placement of the pump well above the water supply.

### SPECIFICATIONS
