Item No.: 1023110

Ident No.: 11030

Bar Code: 4006825100921

The BT-BC 8 battery charger is a handy and robust charger with switchable 6 V – 12 Volt charging voltage, charging current switch for cars/motorbikes, and it has especially been developed to charge car- and motorbike batteries. The device has an ampere meter showing the current charging rate to supervise the charging procedure. The strong and totally insulated terminal clamps grant an optimal contact to the battery terminals at any time. Additionally, the battery charger is equipped with a reverse polarity- and overload protection, and it has a scratch-proof, powder-coated sheet steel housing with a stable handle.

Features

- All-insulated construction
