This compact and portable Cordless Heat Gun from Ozito's 18V Power X Change range is great for localized heating or drying applications. With 3 specialized nozzles, use this to spot dry patches of paint, soften adhesives for removal, thaw frozen pipes, shrink wrap plastics or cure window tints.

Integrated cooling kicks in when you turn the tool off, drawing in cool air to prolong the heating element lifespan. The nozzle ejector chuck allows you to swap between nozzles quickly and safely, while the convenient hook lets you hang it out of the way when you need both hands for tasks mid-use.

Up to 17mins\* of runtime on a single charge. \*Runtime is determined in ideal conditions with a fully charged 4.0Ah battery.
