The original Einhell E-Case Toolbox is part of the modular E-Case system from Einhell. The toolbox is ideal for storing and transporting equipment, tools and accessories up to a maximum of 90 kg. A latching system to connect stacked boxes and cases from the system ensures tidy storage and enables safe transport. The toolbox is made of polypropylene and is therefore heat-resistant and impact-resistant. With its internal height of 195 mm, the box is also suitable for storing larger tools. Two side handles ensure optimum carrying comfort. The product includes one original Einhell E-Case Toolbox.
