

# GLWH 1100

## Water works

Art.-No. 41.732.40

The water works unit GLWH 1100 pumps water from wells and cisterns automatically with stable water pressure. Toilets, washing machines and garden watering are just a few of its numerous applications. Furthermore the garden pump is equipped with a pre-filter, which prevents that dirt arrives into the pump inside. The unit is powered by a sturdy asynchronous motor with thermal protection. The water works is supplied complete with pressure switch and pressure gauge.

### Features

- Pressure switch
- Pressure gauge
- Water drain plug (1)
- Return valve (2)
- Integrated pre-filter (3)
- Connection for suction hose made of stainless steel (4)
- Large water filler opening (5)
- Connection for pressure hose made of stainless steel (6)
- Handle (7)
- Tank 19.2 ltr. (8)
- Double nipple R1 (9)
- Connection for pressure hose (10)
- Key for pre-filter screw (11)

### Technical data

- |                                  |                    |
|----------------------------------|--------------------|
| ■ Mains:                         | 230 V ~ 50 Hz      |
| ■ Power:                         | 1,100 Watt         |
| ■ Delivery capacity max:         | 3,600 l/h          |
| ■ Delivery capacity at 2 bar:    | 2,750 l/h          |
| ■ Pump pressure max.:            | 0.45 MPa (4,5 bar) |
| ■ Activation pressure approx.:   | 0.15 MPa (1,5 bar) |
| ■ Cut-off pressure approx.:      | 0.3 MPa (3 bar)    |
| ■ Tank volume:                   | 19.2 Liter         |
| ■ Suction & pressure connection: | R1 IG              |
| ■ Water temperature:             | 35°C               |
| ■ Net weight:                    | 17 kg              |
| ■ Gross weight:                  | 18 kg              |
| ■ Packing dimensions:            | 520 x 330 x 660 mm |
| ■ Bar code:                      | 23205314           |
| ■ Sales unit:                    | 1 pc               |
