

18V HYBRID TWIN LED WORKLIGHTS & TRIPOD

PXHTWLS-4000

EH-Art. No: 30.004.63
 Ident No: 11018
 Barcode: 9319510024170
 Bunnings Item No: 0136010

The Hybrid Twin LED Worklights & Tripod is perfect for providing bright, reliable lighting in a variety of situations. Versatile hybrid technology means you can power these lights with 18V Power X Change batteries or use a mains power source, making this ideal for indoor renovations, outdoor worksites, temporary site installations or just providing extra illumination when and where you need it.

Each worklight is capable of rotating 360° in 2 axes, providing multi-directional lighting for a range of situations. With individual variable dimming, you can control the amount of light emitted at any time. The robust tripod with integrated cable hooks can be folded down for transport or adjusted to provide lighting at the right spot.

FEATURES & BENEFITS

18V Battery Power or 240V Mains Input – Hybrid technology for flexibility in a variety of situations

2 x 2000 Lumen Illumination – Ample lighting for most common applications

Multi-Directional Light Adjustment – Direct lighting exactly where you need it

Sturdy Collapsible Tripod – Pack it down for storage & transport

Dimming Control Knob – Conserve battery by dimming the lights or turn it up for full brightness

Cable Management System – Keep the cords neat & tidy
