

## Water works kit PHW 1000 N-kit

Art.-No.: **41.733.84**

Bar code: **4006825537079**

Sales unit: **1 pc**

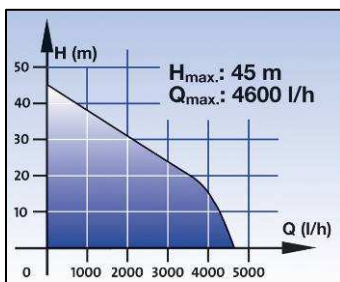

The water works unit pumps water from wells and cisterns automatically with stable pressure. Toilets, washing machines and garden watering are just a few of its numerous applications. The powerful pump is silent and therefore very suitable for service around the house. The housing of the pump is made of corrosion resistant stainless steel therefore not rusty colouring of the water supplied. The unit is powered by a sturdy asynchronous motor with thermal protection. The water works supplied complete with pressure switch and gauge.

**Features:** Corrosion resistant stainless steel (1), pressure switch (2), gauge (3), tank 20 ltr. (4)

### Technical data:

|                             |                       |
|-----------------------------|-----------------------|
| - Mains:                    | 230 V ~ 50 Hz         |
| - Power:                    | 1000 watts            |
| - Delivery capacity max.:   | 4600 l/h              |
| - Delivery height max.:     | 45 m                  |
| - Pressure max.:            | 4.5 bar               |
| - Activation pressure max.: | 1.5 bar               |
| - Cut-off pressure max.:    | 3 bar                 |
| - Tank:                     | 20 ltr.               |
| - Suction & pressure con.:  | 1" IG (inside thread) |
| - Water temperature max.:   | 35°C                  |
| - Suction height max.:      | 6 m                   |
| - Weight:                   | 18 kg                 |
| - Packaging dimensions:     | 530 x 325 x 580 mm    |

### Performance data:

### Standard accessory:

- Suction hose 4 m (with foot valve) (5)
- Garden shower (with 7 types of water fountains) (6)

### As special accessory available:

Pre-Filter VF 12

Art.-No.: **41.738.00**

Bar code: **4006825412291**

Pre-Filter VF 25

Art.-No.: **41.738.50**

Bar code: **4006825412406**
