The Einhell Cordless Compressor SUPPERO 18/380 is an electric SUP pump from the Power X-Change battery platform. Delivering 380 l/min for pre-filling and up to 80 l/min for pressure build-up, it reaches a maximum pressure of 1.38 bar – ideal for SUPs, air mattresses, inflatable boats and more. A digital display shows target and actual pressure in bar, psi, kPa or kg/cm², while the auto-stop function automatically ends inflation once the set pressure is reached. For deflation, simply switch the hose to extract air quickly. With its compact design, carry handle, 150 cm strap, 80 cm hose and 7-piece adapter set, the paddleboard pump is mobile and versatile.
