

Foil Cold Frame with Alu-Tubular-Frame FFB 150 A

Art.-No.: **36.020.20**

Bar code: **4006825514964**

Sales unit: **1 pc**

Unfortunately our climate isn't ideal for an optimal growth of many garden plants. The foil cold frame offers the optimum climate to plants, that need a warm environment. It protects from cold, dew, rain, hail and storm. The foil cold frame can be set up easily.

The UV-stabilizing foil is fixed on the alu-tubular-frame with special clips.

Advantages:

- Increased crop
- Protection of the plants against rain, hail and storm
- Ideal air circulation by adjustable opening
- simple assembly and anchoring
- foil fixing by plastic clips (1)
- robust and UV stabilizing PE-foil (2)
- durable alu-tubular-frame construction (3)
