

Petrol Blower Vac SBV 3200

Art.-No.: **34.360.01**

Bar code: **5050595285462**

Sales unit: **1 pc**

The petrol blower vac with its „vacuum, shredder and blowing function“ provides an ideal unit for helping to keep area in the yard and around the house clean. Without any changing the various functions can be set just pushing the selector switch.

The petrol blower vac takes in and shreds soft material of large size like leaves and grass down to 1/10 of its original size with the built-in shredder.

With the blowing function, any leaves spread out over a wide area can be blown quickly in to one pile. Even dirt in gaps and corner can be cleaned properly.

The carrying strap and the additional handle allow easy trouble free working. The large diameter suction tube and the collection bin with pre-separator also ensure safe working.

Features:

- Large suction hose (1)
- ON/OFF switch (2)
- Switch for selection “suctioning/blowing” (3)
- Collection bin 55 l (4)
- Suction nuzzle with 2 castors (5)

Technical data:

- | | |
