## NEW GENERATION

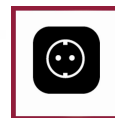

### The portable electric power supply!

### Tank capacity 2 litres

This "power station" supplies energy and provides security.

Power will be available whenever it is needed. Power failures or insufficient current supply are no longer a problem; whether during camping, at building sites, in homes or cottages, on boats or in the garden. This equipment can be used nearly everywhere, and with its continuous power supply of 630 watts it provides sufficient power for many applications. The large 2-litre tank ensures continuous operation for three hours at 2/3 load. The power generator is powered by a high-quality 2-stroke engine and is equipped with an overload switch.

230 V

### Power: 0,9kW | 1,2 HP
