

Tire pressure gauge digital

Item No.: 4133115

Ident No.: 11016

Bar Code: 4006825625738

The digital tire pressure gauge from Einhell allows you to inflate tires easily and exactly. The digital four-digit pressure indicator makes it easier for the user to read off the pressure level when checking the tire pressure. If the tire pressure is too high, you can reduce the pressure with the integrated relief valve. The tire pressure gauge, which is designed for pressures up to 13 bar, allows selection between four different units of measurement. The quick-release coupling connection which is provided is suitable for all standard tire valves.

Features & Benefits

- The pressure level is easier to read thanks to digital indicator
- Four-digit pressure indicator for precise measurement results
- Switch for selecting different units: Bar - MPa - PSI - kg/cm²
- Pressure indicator switches off automatically after approx. 1 min
- Suitable for pressures up to 13 bar
- Contains long-lasting lithium batteries
- The tire pressure gauge can be hung on a hook

Technical Data

- | | |
|---------------------------|--------|
| - Operating pressure min. | 0 bar |
| - Operating pressure max. | 13 bar |
| - Hose length | 0.4 m |

Logistic Data

- | | |
|--------------------------------------|-----------------------|
| - Product weight | 0.2773 |
| - Gross weight single packaging | 0.3969 |
| - Dimensions single packaging | 137 x 36 x 259 mm |
| - Pieces per export carton | 40 Pieces |
| - Gross weight export carton | 18 kg |
| - Dimensions export carton | 525 x 420 x 290 mm |
| - Container quantity (20"/40"/40"HC) | 17000 34000 40000 |
