**⚠ Important.**

When using the equipment, a few safety precautions must be observed to avoid injuries and damage. Please read the complete operating instructions and safety information with due care. Keep this manual in a safe place so that the information is available at all times. If you give the equipment to any other person, hand over these operating instructions and the safety information as well.

We cannot accept any liability for damage or accidents which arise due to a failure to follow these instructions and the safety information.

**1. Safety Information****⚠ CAUTION**

**Read all the safety regulations and instructions.** Any errors made in following the safety information and instructions set out below may result in serious injury.

**Keep all safety regulations and instructions in a safe place for future use.**

**Additional safety instructions:**

- When loading and unloading the drawers, ensure that the professional tool trolley and the drawers are evenly loaded.
- It is prohibited to transport persons with the professional tool trolley.
- Apply the break when loading and unloading.
- On slopes or uneven floors ensure that the professional tool trolley does not topple.
- When moving the professional tool trolley on slopes, hold it by the handle.
- Make sure that the maximum total load is not exceeded. (150 kg)

**2. Machine description and items supplied (Fig. 1/2)**

1. Professional tool trolley
2. Keys
3. Four wheels, of which two can be swiveled and locked
4. Emergency release
5. Lock
6. Handle
7. Assembly material (not shown)
8. Assembly and operating instructions (not shown)

**3. Starting up**

- The keys (2) for the professional tool trolley (1) are in two different places. One is attached to the packaging of the professional tool trolley, the other to the instructions for the professional tool trolley.
- Please keep the keys safe in different places, but NEVER in the professional tool trolley.
- After transportation and/or assembly make sure that all drawer compartments are completely closed.
- For safety reasons the professional tool trolley is equipped with pull-out stops for the drawers. This prevents several drawers being opened at the same time.

**4. Assembly**

**⚠ Important.** To avoid malfunctions, please note that all the drawers must be COMPLETELY closed before you pull one out!

- The handle (6) supplied with the equipment is already fitted but can also be mounted on the other side of the

trolley (Fig. 2).

- For details of how to mount the wheels (3), please refer to Figure 3 and turn the tool trolley on its top.
- For good maneuverability fit the two swiveling and lockable wheels to the same side on which the handle is mounted.
- Fasten each of the 4 wheels with a screw, a spring washer and a standard washer to the professional tool trolley.
- If problems arise with the drawers, please refer to the following instructions:

#### What to do if,

##### **a drawer cannot be closed properly:**

- Lock and unlock the lock until you hear a loud "click".
- Open a second drawer and then close both drawers simultaneously or
- Activate the emergency release (4). This is done by moving the emergency release on the underside of the professional tool trolley. This will release the lock on the professional tool trolley (see Figs. 4 - 6).

##### **none of the drawers can be opened, although the lock is not locked:**

- Lock and unlock the lock until you hear a loud "click".
- Activate the emergency release (4) (see Figs. 4 - 6).

## 5. Ordering spare parts

Please provide the following information on all orders for spare parts:

- Model/type of the equipment
- Article number of the equipment
- ID number of the equipment
- Part number of the required spare part

The spare part number of the key can be found on the flat face of the key and on the lock (Fig. 7/8)

## 6. Cleaning

Clean the professional tool trolley with a slightly damp cloth and if necessary a small amount of conventional paint cleaner. To avoid damaging the surfaces do not use solvents or other aggressive or scouring cleaning products.

## 7. Disposal and recycling

The equipment is supplied in packaging to prevent it from being damaged in transit. The raw materials in this packaging can be reused or recycled. The equipment and its accessories are made of various types of material such as metal and plastic. Defective components must be disposed of as special waste. Ask your dealer or your local council.

The reprinting or reproduction by any other means, in whole or in part, of documentation and papers accompanying products is permitted only with the express consent of ISC GmbH.

Technical changes subject to change

# Warranty Certificate

**Congratulations!** You have made an excellent choice with the purchase of this quality product. Our commitment to quality also includes our service. Should you, contrary to expectations, experience defects due to manufacturing faults during private use within the warranty period from the date of purchase, we shall be liable for warranty in accordance with statutory warranty regulations, provided that:

This WORKZONE® product is warranted against faults in materials and manufacture for a period of thirty six (36) months from the date of original purchase.

3 years Home use warranty.

Warranty card to be retained by purchaser with proof of purchase.

Warranty period 3 years from date of purchase.

Warranty claim available only on presentation of proof of purchase receipt.

This warranty is for normal domestic use only and does not extend to excessive use, accessories or defects or injuries caused by or resulting from causes not attributable to faulty parts or the manufacture of the product, including but not limited to, defect or injury caused by or resulting from misuse, abuse, neglect, accidental damage, improper voltage, liquid spillage, vermin infestation, software, or any alterations made to the product which are not authorised by the manufacturer.

The warranties hereby conferred do not extend to any costs associated with the delivery, handling, freighting or transportation of the product or any part thereof or replacement of and do not extend to any damage or loss occurring during, or associated with transit.

Unless otherwise specified to the customer, the benefits conferred by this express warranty are additional to all other conditions, warranties, guarantees, rights and remedies expressed or implied by the Trade Practices Act 1974 and similar consumer protection provisions contained in Legislation of the States and Territories and all their obligation and liabilities on the part of the manufacturer or supplier, and nothing contained herein shall restrict or modify such rights, remedies, obligations or liabilities.

The guarantee period begins on the date of purchase and is valid for 3 years. Responsibility is assumed for faulty construction or material or functional defects.

If you have above mentioned problems with this product, please return it to the following service centre for a replacement. We do not assume responsibility for consequential damage.

It is strongly recommended that the original packaging that your product came in, be kept for future safe transportation.
