

AUTO DARKENING WELDING HELMET

ADWH-001

EH-Art. No: 30.004.10
Ident No: 11018
Barcode: 9319510023821
Bunnings Item No: 0088340

This auto darkening welding helmet is suitable for Arc, MIG & TIG welding as well as SMAW, PAC and PAW applications. With adjustable delay time and light sensitivity settings, it can be fully adjusted to suit the job at hand.

The auto darkening feature is battery powered and solar rechargeable, ensuring you don't have to constantly replace them. A low battery indicator indicates when the helmet needs recharging to keep you safe, whilst a fully adjustable, padded headband makes this helmet comfortable for long welding sessions.

FEATURES & BENEFITS

Suitable for Arc, MIG, & TIG Welding – *Perfect for general welding tasks such as fixing a fence, building furniture or repairing a trailer*

Adjustable Delay Time & Sensitivity – *Fully customisable to suit the desired type of welding application*

Low Battery Indicator – *Safely check that the helmet is ready for use*

Solar Powered Assist for Long Battery Life

Fully Adjustable Headband – *For handsfree usage and comfort during welding*
