

Automatic water works HWA 810

Art.-No: **41.766.20**

bar code: 4006825412741

Sales unit: 1 pc

The garden pump in combination with the electronic flow indicator switch allows using external water supplies i.e. for storing in rain-water tanks, for lawn watering or the use of grey water in the house. The smartly designed HWA 810 is extremely silent and therefore suitable for use in living quarters. The pump housing is made of corrosion resisting stainless steel, therefore no rusty water.

The inserted thermal cut-out protect the pump of overheating.

The electronic flow indicator switch turn on automatically when is needed and shuts itself off, when the water supply is stopped, i.e. by closing of the water tap. The pump is protected by the unlubricated operation protection (protection against dry running) against damages.

Features: electronic flow indicator (1), handle (2), on- / off-switch (3), manometer (4)
