

Silent Shredder GLH 250

Art.-No.: **34.305.31**

Bar code: **4006825511222**

Sales unit: **1 pc**

High performance and noiseless electrical shredder with roller cutting unit, which works without the noise of a conventional impact cutter shredder.

The shredder has a comfortable self feeder without recoil and cuts up probably also larger and harder trees and hedges, branches and bushes to optimally compostable parts. The large dimensioned funnel opening makes a simply and comfortable filling possible.

Motor and Gear are saved by the installed overload protection, which switches automatically off by too much load. The installed overload protection secures motor and transmission by automatic shutdown when to strong demand. A rear-automatic releases the blocked material in case of abruptly jam.

Features:

- ON/OFF switch (1)
- Switch for selecting the direction rotation (2)
- Cutting roller (3)
- Integrated plug with coupling protection for connecting cable
- Practical transport handle (4)
- Large funnel opening (5)
- Chassis incl. wheels (6)

Technical data:

- | | |
|------------------------------|----------------------|
| - Mains: | 230 –240 V ~ 50 Hz |
| - Power: | 2500 watts S6 40% |
| - Idle speed cutting roller: | 46 min ⁻¹ |
| - LWA sound power level: | 95 dB (A) |
| - Branch diameter max.: | Ø 40 mm |
| - Net weight: | 25,3 kg |
| - Gros weight: | 26,6 kg |
| - Packing dimensions: | 590 x 360 x 625 mm |

Standard accessory:

- Collection box for garden waste (7)
