## BTH 1500 Infrared Radiant

Art.-No. 23.384.70

The practical bistro table has a comfortable infrared heat source in the standing area. This heat source does not warm the air, but it warms up nearly instantly and comforting all people and objects to those the heat-rays meet, similar as like sun-rays do. Furthermore the heater works absolute noiseless and odourless. He is water jet proof and so optimally suitable for balcony and terrace.
