BT-IW 100

Inverter Welding Machine

Art.-No.: 1544111

Ident-No.: 11024

The BT-IW 100 inverter welder is a particularly light tool for performing simple arc welding jobs with very clean results. It has infinitely controllable welding current. By using the most modern inverter technology, this welder weighs only 4.1 kg. This and its compact dimensions make it the ideal helper on mobile assignments. With a separately available TIG torch, it can also be used for shielding gas welding.

Features

- Infinitely controllable welding current
- Low weight thanks to modern inverter technology
- For electrode and TIG welding (TIG torch optionally available).
- Thermostat with pilot lamp
- Fan cooling
- Carrying strap
- Earth terminal
- Electrode holder

Technical Data

- | | |
|---------------------------------------|-------------------|
| • Mains supply | 230/240 V 50 Hz |
| • Fuse | 16 A |
| • Welding current (coated electrodes) | 10 - 80 A |
| • No-load voltage | 85 V |
| • Electrode diameter | 1.6 - 2.5 mm |

Logistic Data

- | | |
|--------------------------------------|--------------------|
| • Product weight | 4.1 kg |
| • Gross weight single packaging | 5.5 kg |
| • Dimensions single packaging | 220 x 180 x 270 mm |
| • Pieces per export carton | 4 Pieces |
| • Dimensions export carton | 900 x 285 x 215 mm |
| • Container quantity (20"/40"/40"HC) | 2112 4576 0 |
