

IWA-100 INVERTER ARC WELDER

FEATURES & BENEFITS

INVERTER TECHNOLOGY – Provides stable & consistent output for ARC welding applications.

VARIABLE WELDING CURRENT – Allows precise adjustment according to the specific application.

LIGHTWEIGHT & PORTABLE – Compact size & inverter technology make it easily carried to the worksite.

Ideal For – Gates, trailers and general metal fabrication

SPECIFICATIONS

Output Current Range:	10-80A
Usable Electrode:	1.6, 2.0 & 2.5mm
Arc Duty Cycle:	12%@80A
Fan Cooled:	Yes
Cord & Plug:	2.m 10A plug
Net Weight:	5.3kgs

STANDARD EQUIPMENT

- 1 x Inverter Arc Welder
- 1 x Earth Clamp with Cable
- 1 x Electrode Holder with Cable
- 1 x Shoulder Strap
- 1 x Instruction Manual

LOGISTICS

Barcode	9319510012993
Item No. / status	AUS 6290452P
Outer Ctn Qty	4 units
Pallet Qty	96 units
