

PRESSURE SWITCH

PSA-001

EH-Art. No: 30.002.81
 Ident No: 11017
 Barcode: 9319510022886
 Bunnings Item No: 0076110 AUS

To transform your transfer pump into a constant pressure pump, simply connect this pressure switch using the plug and play leads to maintain a stable water pressure and flow of your pump.

This product is not suitable for use with drinking (potable) water.

FEATURES & BENEFITS

Automatic Pump Control – Automatic start-up and shut-off of your transfer pump.

Run Dry Protection – Protects internal components by shutting off the motor automatically upon loss of flow.

Overheating Protection – Protects the motor of your pump from overheating.

Brass Knuckle – For a more secure connection.

Plug and Play Leads - Allows you simple connection to your transfer pump to maintain stable water pressure and flow.

SPECIFICATIONS
