Precision is the top priority with the Einhell bench drill TE-BD 550 E. The speed control is infinitely variable without tools, and the LCD display always shows the current speed. Equipped with a high-quality quick-release drill chuck (up to 13 mm), the bench drill offers greater flexibility. The 550 W induction motor is designed to be quiet and smooth-running, while the drill table adjustable in height adjustment, angle, and rotation offers comfort during work. The adjustable depth stop ensures precise drilling of holes, also successively. The ball-bearing spindle ensures a long service life. High user safety is ensured due to the foldable chip guard with microswitch.
