BG-HR 20 A Automatic Hose Reel

Art.-No. 41.737.51

Compact, automatic hose up scooter with sturdy plastic housing inclusive water hose. The tiltable wall holder (approx. 180°) makes an especially flexible application possible. The automatic locking mechanism locks the hose drum when pulling the hose out, so you can work without strain. The hose is automatically rolled up again by short tightening. The hose reel is equipped with a special mechanism for a slowly hose move-in.

Features

- Handle (1)
- Sturdy plastic housing (2)
- Hose stopper (3)
- Extendable quality hose (4)
- Automatic locking mechanism
- Spray nozzle (5)
- 1.5 m Connection hose (6)
- Customary quick couplings
- Automatic hose move-in
- 180° Tilttable wall holder (7)
- Water-tap connection
