

710W RECIPROCATING SAW

XRS-710

EH-Art. No: 30.004.54
Ident No: 11018
Barcode: 9319510024125
Bunnings Item No: 0098554

This versatile tool is ideal for cutting quickly through timber, plastics and metals. Use it for quick jobs such as trimming down branches, demolishing plasterboard, or shortening pipes. The slim, flexible blades allows this tool to perform cuts in confined or hard to reach areas.

The soft grip handles and lock-on button help to reduce fatigue during use, whilst the finger safety guard keeps your fingers away from the blade. Accessory changes are quick with the tool-free blade chuck, and an easily adjustable pivoting shoe allows you to use the full length of the blade, reducing the frequency of replacing blades.

FEATURES & BENEFITS

Ideal for Light DIY Timber, Plastic, & Metal Cutting Jobs

Tool-Free Blade Change – *Swap blades quickly & easily*

Adjustable Front Shoe – *Utilise the full length of the blade*

Lock-On Button – *Reduce user fatigue during long cutting sessions*
