The radial tile cutting machine can be mounted quickly on the serial type support stand and is therefore suitable for mobile as well as stationary service.
With its unit one can cut wall- and floor tile, split tiles etc. Angle and double mitre cuts are possible and also jolly cuts.
The diamond cutting disc is cooled with the integrated pump for cooling liquids and an almost dust free operation is possible.
The tile cutting machine is equipped with a LED-light, which illuminates the work area perfectly. **The LED-light can be removed from the machine and used as a pocket lamp or a spirit level.**
