

YGL N.G. 1103 Profi-Garden Pump

Art.-No. 41.814.44

The high performance profi garden pump is particularly suitable for the garden irrigation with collected rain water. The garden pump is especially powerful due to five serial placed plastic blade wheels. Other features are the large suction capacity and its long service life. The Pump is powered by an asynchronous motor with thermal protection. The pump housing is made of corrosion resistant stainless steel, therefore durable and not rusty colouring of the water supplied.
